

CaddyTrek®

Using Bluetooth with CaddyTrek App

Bluetooth Capabilities

The CaddyTrek R3X has Bluetooth capabilities where you can control your cart with your phone using the CaddyTrek app. You can download the app from your play store.

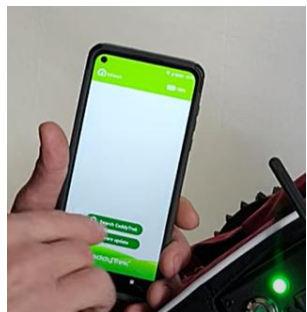

1. First go to your app store (on your phone) and download "CaddyTrek R3X App."

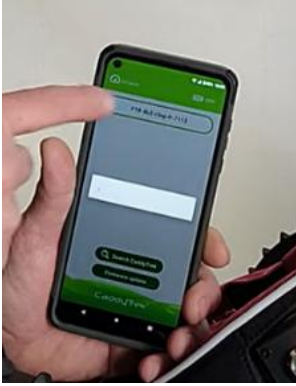

2. Turn on R3X and wait about 45 seconds for the camera to warm up
3. Click on the CaddyTrek R3X app (from device)

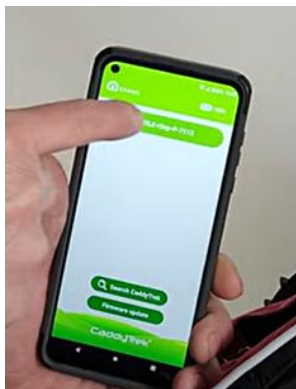

4. Click on "Search for CaddyTrek"

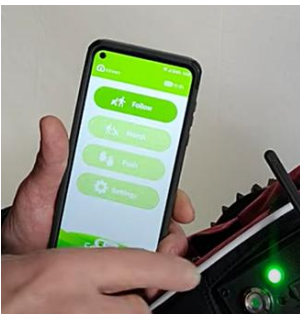

5. Once located, click twice on "FTR-BLE-r3x-a-F4CA-4" box

6. When the "FTR-BLE-r3x-a-F4CA-4" box turns solid green, click again

7. Cart will then double beep, indicating you are in Bluetooth mode.

The led lights will change color depending on which mode you are in.
